

## **Web Master:**

<https://search.google.com/search-console/about>

→ Google Search Console is a web service by Google that helps you monitor, maintain, and troubleshoot your site's presence in Google Search results. It provides tools and reports to assist you with understanding how Google views your site, optimizing your site's visibility, checking for issues, and resolving problems. You can use it to submit sitemaps, monitor backlinks, and receive alerts about indexing issues
